Strainer and Fluid Control Devices

Cast Strainers | Valves
Strainers

Cast

Y-Type
- Cast Iron, Ductile Iron, Bronze, Carbon Steel, Chrome Moly, Stainless Steel
- Flat Face, Raised Face, RTJ Flanged, Butt weld, Threaded, Socket weld, Sweat
- Sizes 1/4” to 16”
- Pressures to 3705 psig
- Temperatures to 800°F

Basket
- Filtration down
- Large strainer baskets
- Both compact and high capacity units available
- Cast Iron, Bronze, Carbon Steel, Stainless Steel
- Flat Face, Raised Face, Buttweld, Threaded, Socketweld
- Sizes 1/2” to 20”
- Pressures to 740 psig
- Temperatures to 800°F

Temporary
- Conical configurations
- Flat Face
- Stainless Steel to 6”
- Pressures to 285 psig
- Temperatures to 750°F

Replacement Baskets and Screens
- Custom fabricated to any specifications
- Fits virtually any manufacturer’s strainer
- Available with perforated plate, mesh or mesh/perf combination
- 20, 16 or 304 stainless steel as standard

Note: CRN’s available

Silent Check Valves
- Cast Iron, Cast Steel and Stainless Steel
- Flanged and Wafer styles
- Sizes 2” - 18”
- Pressures to 740 psig
- Temperatures to 400°F

Dual Disc Check Valves
- Cast Iron, Cast Steel and Stainless Steel Flanged with resilient or metal seat
- Sizes 2” - 24”
- Pressures to 1480 psig
- Temperatures to 600°F

Foot Valve
- Cast Iron, Carbon Steel and Stainless Steel Flanged
- Sizes 2” - 18”
- Pressures to 740 psig
- Temperatures to 400°F
- 304/316 Stainless Steel Screens

Note: CRN’s available
Pump Protection

Suction Diffusers

**S Series**
- Combination strainer, flow straightener, elbow and pipe reducer
- Cast Iron with FF Flanges on all sides
- Sizes 2” x 1 1/2” – 12” x 12” Flanged
- Pressures to 200 psig
- Temperatures to 212°F

Triple Duty Valves

**T Series**
- Triple function: spring loaded silent check valve, balancing valve and shutoff valve
- Operates automatically and silently
- Center guided soft seat disc ensure leak free performance
- Spring loaded BUNA N disc provides no impact shutoff and prevents water hammer upon closing
- Sizes 2” - 14” Cast Iron, Flanged
- Pressures to 200 psig
- Temperatures to 212°F

Connectors/Expansion Joints

**Single Sphere Connectors/Expansion Joints**
- Sizes 2” to 20”
- Pressure to 200 psig
- Temperatures to 200°F
- Burst Pressure to 850 psig
- Material: Neoprene Flanged

**Double Sphere Connectors/Expansion Joints**
- Sizes 2” to 20”
- Pressure to 200 psig
- Temperatures to 200°F
- Burst Pressure to 850 psig

**Screwed Twin-Sphered Connectors/Expansion Joints**
- Sizes 1/2” to 2”
- Pressure to 150 psig
- Temperatures to 200°F
- Burst Pressure to 710 psig
- Material: Neoprene NPT End Connections

With warehouses across Canada, ValvSource has a large inventory of valves, strainers, gauges, and instruments to service your every need!

• 1,2,3 Piece Ball Valves
• Flanged Floating Ball Valves
• Knife Gate Valves
• Butterfly Valves
• Actuation
• Position Switches

• Y, Basket & Temporary Strainers
• Check Valves
• Triple Duty Valves
• Foot Valves
• Expansion Joints

• Pressure Gauges & Accessories
• Temperature Indicators
• Needle Valves
• Thermowells & Thermocouples

• Brass Ball Valves
• Bronze Gate, Globe, & Check Valves
• Cast Iron Gate, Globe, & Check Valves
• Cast & Forged Steel Gate, Globe and Check Valves

• Cast Gate, Globe & Check Valves
• Forged Gate, Globe & Checks
• Threaded Ball Valves
• Flanged Ball Valves
